Subject: Request for Permission to Celebrate World Environment Day

Sir,

The **NSS Unit** of our college kindly requests permission to celebrate **World Environment Day** on **June 5** at **2:30 PM** in the college campus. As part of the celebration, we propose to conduct a **sapling plantation drive** to promote environmental consciousness and sustainability among students and staff.

We also seek your kind approval to invite participation from all departments, including teaching and non-teaching staff and students.

We look forward to your support and kind approval to organize the event meaningfully.

Thanking you,

Yours sincerely,
Aboobacker .K.

CIRCULAR

Subject: Regarding Environment Day Celebration-2025

The **NSS Unit** of our college is organizing a **World Environment Day Celebration** on **June 5 at 2:30 PM** by conducting a **sapling plantation drive** within the campus premises. This event is a step toward encouraging environmental responsibility and sustainability among the academic community.

We **warmly invite all teaching and non-teaching staff and students**, regardless of department, to participate in this green initiative and contribute to nurturing a healthier environment.

Let's join together to plant today for a greener tomorrow!

PROGRAMME REPORT

Title of the Programme: World Environment Day Celebration- Green Campus

Date: 5th June 2025

Name of the Programme officer : Aboobacker .K.

Objective of the Programme:

- To raise awareness among students and staff about the importance of environmental conservation.
- To promote tree plantation and biodiversity enrichment on the college campus.
- To develop a sustainable and green learning environment.
- To involve institutional leadership in green practices.

Name of the Resource Person:

World Environment Day, observed on **June 5 every year**, is a global platform to raise awareness and encourage action for the protection of our environment. In line with the 2025 global theme "**Land Restoration, Desertification, and Drought Resilience**", our college organized a meaningful event focusing on the **Green Campus** initiative aimed at promoting eco-conscious practices and biodiversity on campus. The event was conducted under the guidance of the Biodiversity Club, NSS Unit and the PG Department of Botany.

The event commenced at 2.00 PM with a welcome address by Mr. Aboobacker, NSS Programme officer CPA College, who briefed the audience on the importance of World Environment Day and the relevance of green campus initiatives in combating climate change and improving campus sustainability.

The program commenced with an inaugural ceremony attended by faculty members, staff, and students. The highlight of the event was the ceremonial planting of tree saplings by the Principal, Mr. John Joseph, Administrator Ubaid and Vice Principal, Sadarudheen who emphasized the institution's role in promoting environmental stewardship. Their active involvement set a positive example for the student community and marked a symbolic commitment towards ecological restoration and

conservation.

Following the inauguration, students from various departments, especially the NSS Volunteers, enthusiastically participated in the plantation activity and clean campus moto.

Students were encouraged to take ownership of the planted saplings and ensure their survival through regular care and monitoring. A pledge to protect and preserve nature was taken by all attendees, reinforcing the day's message.

This green initiative also aimed to enhance the aesthetic and educational value of the campus while serving as a practical step toward long-term sustainability goals. It fostered a sense of responsibility among students and staff, inspiring them to adopt greener habits and contribute actively to environmental conservation. The event concluded on a hopeful and committed note, with plans underway to expand the green cover and document the growth of each sapling as part of the college's annual green audit.

Photographs documenting the participation of the Principal, Vice Principal, faculty, and students have been archived. The success of the plantation drive reflects the collective effort of the institution towards creating an environmentally conscious academic environment and a truly green campus.
