

CPA COLLEGE OF ARTS & SCIENCE PUTHANATHANI –
BIODIVERSITY CLUB 2019-2020

The biodiversity club mainly aims to equip younger generation (students) to create biodiversity awareness in community and the protection, preservation and management of natural resources. The club undertakes and support activities like nature camps, biodiversity awareness programs, initiatives and competition for students.

COORDINATOR

Priyanka T. (Dept. Of Botany)

STUDENT COORDINATOR

Muhammed Anshif (4th SEMESTER BOTANY)

MEMBERS

1. Hasla Sherin 1st BA English
2. Hisana Nasrin
3. Namitha
4. Naseeha
5. Murshida
6. Anshida
7. Nafeema
8. Shahala
9. Anshifa
10. Shaziya
11. Sharmila
12. Dilsha
13. Aswathi A. P. 1st B. Com
14. Najiya Mariyam K.
15. Sinjitha
16. Sreeshma
17. Muhsina K. P.
18. All students of 5th semester Botany
19. All students of 3rd semester Botany
20. All students of 3rd semester Zoology
21. All students of 1st semester Botany
22. All students of 1st semester Zoology

INAGURATION

Date: 22.08.2019

Venue: college auditorium

Supervising teachers: Asst. Prof. PRIYANKA T.

Asst. Prof. FLORA

Asst. Prof. SHIFA MAJEED

Winners:

1. Shidhu Shaji (1st sem botany)
2. Vaseem Siyad (1st sem B.com)
Asst. Prof. Subin (Dept. of Commerce)
3. Shakir Shibili (3rd sem Zoology)
Noushin P.T. (2nd sem M.Com)

2. Spot photography competition

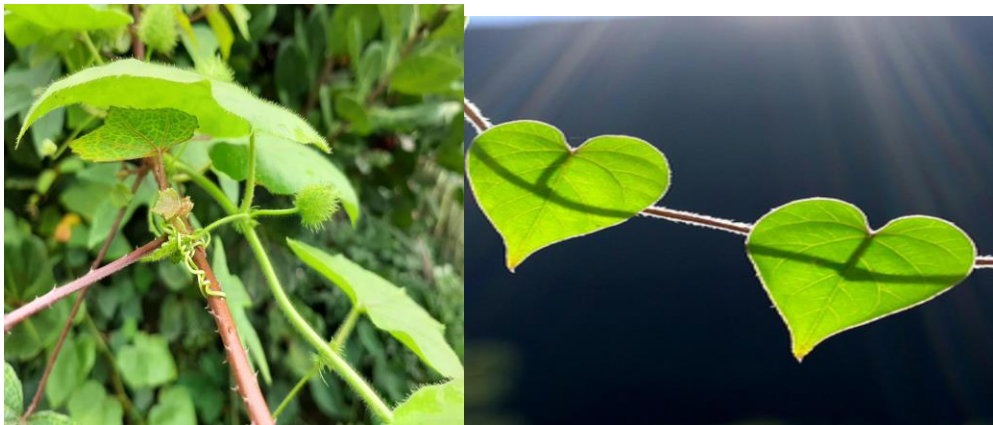

Date: 25. 08.2019

Venue: College campus

Topic: 'Nature and Love'

Winners:

1. Safvan (5th sem BA ENGLISH)
2. Vasudevan (3rd sem B.Sc ZOOLOGY)
3. Jamsheer (3rd sem BBA)
Ashik T. P. (1st sem Bcom)

3.Intra college COLLAGE competition

Date: 18.12.2019

Venue: College Library

Topic: THE SMOULDERING INDIA

Winners:

1. 1st BTTM
2. 1ST BA ENGLISH
3. 1ST B.Sc BOTANY

ONE DAY NATURE CAMP

Date: 03.02.2020

Venue : Silent Valley national Park, Palakkad

On 3rd February 2020 , we conducted a one day nature study programme to silent valley national park . Silent valley national park is one of the undisturbed South Western Ghats mountain rain forest and tropical moist evergreen forest in India. It was formerly known as Syrandrivanam. The national park has some rare flora and fauna. And our journey for exploring area was guided by the forest watchers and forest guard. The main attraction of the forest was lion tailed macaque, Indian Giant squirrel and different types of butterflies. The way to inside the forest was beautifully decorated by different types of butterflies. The buffer zone area of the forest was

covered by 3 different group of tribals in 196 tribal colonies. We were visited the KSEB project area and the main source of kunthipuzha.
